Suite 505, Orlando, Florida 32822

Dear Mr. Antonio López,

It is a pleasure for Dr. Ortiz and myself to extend our sincere congratulations to you for completing the requirements for Module Development Specialist in our Discipline-Based Dual Language Immersion Model[®]. You worked countless hours in collaboration with your colleagues in completing this certification process. Soon you will feel the exhilaration to be the author of a module encrypted with the latest research in your field. As Kenneth H. Blanchard once said, "None of us is as smart as all of us".

We have attached your certificate stating that you met the qualifications as Module Development Specialist. Again, congratulations! I know you will be an inspiration to others to take the challenge.
